

Do you think this man knows what he is planting in his garden? Pretty flowers can be nasty weeds and can become a huge problem to our environment. Do you know the names of any weeds that grow in your neighbourhood?

Check out the website for more information: www.weedbusters.info/

Before you start planting, make sure you talk to your local nursery, landcare or bushcare group. They can help you choose the right plants for your garden. Help stop the spread of weeds - become a Weedbuster.

You can find out more about weeds on this website: www.weeds.org.au

Also when you're weedbusting it's a good idea to wear gloves, sunscreen and a hat to protect yourself!
