

Ouch! What is happening to the possum? Thorny plants can be very harmful to our wildlife and other animals. Have you had a thorny experience yourself? How can we prevent this from happening again?

A rectangular box containing six horizontal dashed lines for writing.

Check out the website for more information: [www.weedbusters.info/](http://www.weedbusters.info/)

Weedbusters help all year round in the fight against the spread of weeds. Some weeds look pretty. Others can be harmful to people, pets, farm animals and animals in the bush. They also choke our native plants. Can you name some plants that are thorny? Help stop the spread of weeds - become a Weedbuster.

You can find out more about weeds on this website: [www.weeds.org.au](http://www.weeds.org.au)

Also when you're weedbusting it's a good idea to wear gloves, sunscreen and a hat to protect yourself!
